

The John Nott Charity

Annual Report 2015/2016

Year ending February 2016 proved to be another successful period for the charity with our investments again performing well. Sadly during the course of the year one of our beneficiaries passed away but a new one was approved in November. This year we distributed £1000.

We lost two allotment tenants but gained two new ones with a third showing some interest. Currently we still have three vacancies.

The total value of our investments increased yet again. The combined value at December 2015 was £77,504.09 against the purchase price of £48,500.00. A gain in value of £29,004.00 and also an increase of £2481.51 on last year's figure.
